

INFORMED CONSENT FORM FOR INTERNATIONAL PATIENTS

This document contains important information about our professional services. Please read it carefully. When you sign this document, it will represent an agreement between us.

PSYCHOLOGICAL SERVICES

Psychotherapy is not like a medical doctor visit. Instead, it calls for a very active effort on your part. In order for the therapy to be most successful, you will have to actively work on things we talk about both during our sessions and home.

Our initial session(s) will involve an evaluation of your needs. By the end of the evaluation, we will be able to offer you some first impressions of what our work will include and a treatment plan to follow, in case you decide to continue with therapy. If you have questions about our procedures, we should discuss them whenever they arise.

MEETINGS

We normally conduct an intake evaluation that usually lasts for one to two sessions but sessions may be more depending upon the severity of problem.

When psychotherapy is begun, we will usually schedule one 45-60 minute session per week at a time we agree on, although some sessions may be longer or more frequent. Once an appointment hour is scheduled, you will be expected to pay for it unless you provide **24 hours advance notice of cancellation** unless we both agree that you were unable to attend due to circumstances beyond your control. If it is possible, we will try to find another time to reschedule the appointment.

PSYCHOLOGICAL TESTING- In some cases we might have to do some psychological testing to evaluate your personality or other related issues of your life. These tests are charged separately.

MEDICATION:

It is made clear that psychiatric medication may induce side effects. Before beginning medication the patient may independently evaluate and take independent advice with regard to the same. It is further clarified that in case of any reaction/side effect the concerned Psychiatrist/Physician or his team will not be liable for any civil/penal action in any way.

CONFIDENTIALITY

In general, privacy of all communications between a patient and Psychotherapist/Psychiatrist/Psychologist is protected by law and we can only release information about our work to others with your written permission or in exceptional circumstances or when mandated by law of India. However, we might use your data for research &/or publication without revealing your identity that is beneficial for humankind.

EMERGENCIES:

It is made clear that in case of emergencies, the patient is to contact/get admitted into a nearest hospital and Dr. Sandeep Vohra or his team will not be available nor is in a position to offer emergency aid to a patient which only a hospital can provide. Likewise, no indoor patients requiring admission will be entertained at Dr. Sandeep Vohra's clinic either offline or online.

TELEPHONIC CONTACT:

Dr. Sandeep Vohra will not be handling any calls directly from you or anyone on your behalf. All issues requiring any clarification will be done through his front desk (either offline or online).

PROFESSIONAL FEES:

We charge as per the time spent with the patient. Please go through the charge schedule available online at our portal.

Signature of patient

BILLING AND PAYMENTS:

You will be expected to pay for each session at the time it is held, unless we agree otherwise. Onus of collecting the Psychological Tests/Reports/Lab reports is on the client within 3 months of getting it done.

TREATMENT TERMINATION:

If at any time during the course of your treatment we determine we cannot continue, we will terminate treatment and explain why this is necessary. Ideally, therapy ends when we agree your treatment goals have been achieved. If you are meeting with another therapist, you must first terminate treatment with that therapist before we can begin providing services. If you remain in therapy with someone else and this becomes apparent after we begin, we are ethically required to terminate your treatment. Other legal or ethical circumstances may arise and compel us to terminate treatment.

Other situations that warrant termination includes: regularly becoming enraged or threatening during session; bringing a weapon onto the premises; persistent drug abuse; arriving under the influence of drugs or alcohol; disclosing illegal intentions or actions.

DISPUTES:

In the event of any dispute or difference before the parties hereto or any question pertaining to interpretation of this agreement or any clause there of., the same shall be resolved by way of arbitration under the Arbitration and Conciliation Act, 1996 by a sole arbitrator. The sole Arbitrator shall be nominated by the Managing Director of Vohra Neuropsychiatry Centre Healthcare Pvt Ltd. The venue of arbitration shall be New Delhi
